Work Experience

Frontend Web Developer

TAP Air Portugal, August 2017 - Present

As a member of the User Experience Design team, several web internal projects' initial frontend templates and interaction functionality were of my responsibility. Different technologies were used for further integration with other technological teams. Some examples are Handlebars, Outsystems and VueJS.

Lead Frontend Web Developer

A-to-Be, March 2017 - July 2017

In my first contact with the SCRUM methodology, I had the opportunity to lead a small team of frontend developers on an innovating project at A-to-Be which was starting off.

Junior Frontend Web Developer

Hi INTERACTIVE, February 2017 - March 2017

Participated in small frontend projects with different Hi INTERACTIVE clients.

Computer Science Bachelor's Degree at FCT - NOVA

FCT - NOVA, March 2014 - December 2017

Engineering Physics Bachelor's Degree at FCT - NOVA (dropped out)

FCT - NOVA, September 2012 - December 2013

After realising the subjects I was excelling at most were Computer Science related, I decided to change to Computer Science.
